Federal Supply Service Authorized Federal Supply Schedule Price List

Professional Services Schedule (PSS) MAS 00CORP

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA Advantage!, a menu-driven database system. The INTERNET address for GSA Advantage! is: GSAAdvantage.gov. For more information on ordering from Federal Supply Schedules, click on the FSS Schedules button at fss.gsa.gov.

Schedule Title: Professional Services Schedule
Industrial Group: 00CORP
Contract Number: GS-00F-006HA

For more information on ordering from Federal Supply Schedules click on the FSS Schedules button at fss.gsa.gov.

Contract Period: October 5, 2017 through October 4, 2022

Contractor Information: Network Sensing Technologies, LLC (D.B.A.) NST
2004 Lewis Turner BLVD, Suite E
Fort Walton Beach, FL 32547-1362

Phone: 850-684-0033 x101 / 850-496-4731

Fax: 850-863-0287

E-Mail Mike.C@Net-Sensing.com

Contract Administration: Michael P. Chaloupka (Cha-loop-ka)

Web Site: WWW.Net-Sensing.com

Business Size: Small Business

Customer Information:

1a. Table of Awarded Special Item Numbers:

SIN	Recovery	SIN Description
871-1	871-1RC	Strategic Planning for Technology Programs/Activities
871-2	871-2RC	Concept Development and Requirements Analysis
871-3	871-3RC	System Design, Engineering and Integration
871-4	871-4RC	Test and Evaluation

1b. Lowest hourly price per unit hour: Refer to the price list.

1c. Hourly rate and descriptions: Refer to the price list.

2. Maximum Order: \$1,000,000.00

3. Minimum Order: \$100.00

4. Geographic Coverage (delivery Area): Domestic Only

5. Point(s) of production (city, county, and state or foreign country): Same as company address

6. Discount from list prices or statement of net price: Government net prices (discounts already deducted). See price list.

7. Quantity or volume discounts: None Offered

8. Prompt payment terms: Net 30 days

9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold:
Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: will accept over \$3,500

10. Foreign items (list items by country of origin): None

11a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

11b. Expedited Delivery. Items available for expedited delivery are noted in this price list. NST will discuss start of performance, which should be less than 15 days from award, with the buyer and will negotiate a faster commencement for task orders as required.

11c. Overnight and 2-day delivery. Overnight and 2-day delivery are available. Our schedule customers may contact the us for rates for overnight and 2-day delivery.

11d. Urgent Requirements. For urgent requirements, please contact our GSA contract representative to elevate urgent requirement deliveries.

12. F.O.B Points(s): Destination

13a. Ordering Address: Same as Contractor.

13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's), and a sample BPA can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).

14. Payment address: Same as company address

15. Warranty provision: Contractor's standard commercial warranty.

16. Export Packing N/A

17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level): Contact NST.

18. Terms and conditions of rental, maintenance, and repair: N/A

19. Terms and conditions of installation: As directed in task orders.

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices: N/A

20a. Terms and conditions for any other services: N/A

21. List of service and distribution points: N/A

22. List of participating dealers N/A

23. Preventive maintenance: N/A

24a. Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:
N/A

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor's website or other location.) n/a

25. Data Universal Numbering System (DUNS) number: 789629669

26. Notification regarding registration in Central Contractor Registration (CCR) database: Registered

27. Final Pricing: The awarded Base Period out-year prices, including 0.75% Industrial Funding Fee (IFF), are escalated at a fixed rate of 1.88% for all awarded labor categories under all awarded SINs.

Service Contract Act (SCA): The SCA is applicable to this contract as it applies to the entire PSS and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and or when the Contractor adds either SCA labor categories or employees to the contract through the modification process, the Contractor must inform the Contracting Officer and establish a SCA Matrix identifying the GSA Labor Category Title(s), the Occupational Code(s), SCA Labor Category Title(s) and the applicable Wage Determination Number(s). Failure to do so may result in cancellation of the contract.

LABOR CATEGORIES AND DESCRIPTIONS:

Awarded Labor Categories	Minimum Education requirement	Minimum Years of Applied Experience
Program Manager	Master's Degree in an engineering, scientific, or technical discipline or postgraduate degree in business management discipline from an accredited college or university.	15
<p>Technical Program Managers serves as the program acquisition support, contract manager, technical coordinator and interfaces with the Government Contracting Officer, Government PM management and engineering personnel. Responsible for formulating and enforcing technical work standards, assigning schedules, reviewing work discrepancies, supervising personnel, communicating policies, procedures, ensuring deliverables are to standards and goals of the organization. Responsible for the overall contract management and technical performance. Manages and controls program financial aspect relative to contract requirements. Generally, requires specific / applied task knowledge of the system / function under development through prior or current experience. Active or prior security clearance, or the ability to obtain a security clearance in mandatory.</p>		
Engineer Director	Master's Degree in engineering, scientific or other related technical discipline.	15
<p>Ability to direct development of complex engineering programs with hands-on design approach. Serves as the interface between functional groups. Develops bid and proposal packages, establishes technical work packages, schedules and deliverable documents / reports. Provides day to day guidance to engineering staff and interfaces with project management. Overall responsible to from program financial / status reporting to upper management. Active or prior security clearance, or the ability to obtain a security clearance in mandatory.</p>		
Principal Engineer	Master's Degree in engineering, scientific, or other related technical discipline.	15
<p>Ability to manage and develop complex engineering programs. The Principal Engineer manages and supervises subordinates as well as develops software / hardware algorithms, models, application code, assisting subordinates as necessary to ensure superior product development. Principal Engineer also acts as a subject matter expert with respect to simulation and modeling of physical systems, software engineering, hardware engineering as applicable. Ability to develop complex mathematical models and implement those models in real-time systems. Provides leadership for direct engineering related tasks. Knowledge and applied project areas. Applies reverse engineering and re-engineering methodologies. Develops architecture, design and implementation as required including software, hardware, communications and interface requirements. Leads systems definition, trade-off and design activities. Prepares, reviews, and evaluates interface documentation, specifications, test plans and procedures. Participates in system test programs and analyzes system testing. Provides daily supervision and direction to support staff. Active or prior security clearance, or the ability to obtain a security clearance in mandatory.</p>		

Senior SW Engineer IV	Bachelor Degree in engineering, scientific, or other related technical discipline	12
History of successful development on previous high technology programs. Must possess the ability to apply engineering technologies to the program. Designs, modifies, develops, writes and implements software / firmware or hardware designs. Participates in the design, development testing process through test review and analysis, test witnessing and certification. Has knowledge of commonly-used concepts, practices, and procedures within a particular field. Establishes instructions and guidelines to perform the functions of the job. Requires exercising independent judgment. Typically reports to a program manager or principal engineer. Active or prior security clearance, or the ability to obtain a security clearance in mandatory.
